

HUBBELL'S BOOKS CLEAR CROCKETT OF EMBEZZLEMENT

Former Old Town Justice of
Peace Declared Not Guilty.

COURT HEARING DEMURRER TO
INDICTMENTS AGAINST HUBBELL

Yesterday the district court took up the case of the Territory vs. Sefarino Crockett, former justice of the peace of Old Albuquerque precinct. Crockett was indicted on evidence furnished to the grand jury on a charge of embezzling public funds belonging to Bernalillo county. Crockett had fled Santiago Garcia on December 21 for leading away cattle, and later had fled another man for assault, neither of which cases, which gave credit to which the witnesses alleged, were turned into the county treasury.

Yesterday former County Treasurer P. A. Hubbell appeared in court, producing his books, which gave credit for the two fines. District Attorney Clancy in the face of this evidence asked that Crockett be discharged, which Judge Abbott instructed the jury to do without leaving their seats. E. W. Dobson and W. C. Hancock defended Crockett.

In the case of the Territory vs. Charles Mainz, in which Mainz was accused of assaulting a tramp at Isleta, the case was dismissed, there being no witnesses present for the prosecution. Mainz is the Santa Fe special officer and there are a number of these cases which have come up from time to time. He has had frequent trouble with tramps at that point.

In the case of Tomas Ruiz, charged with assault with intent to kill, Ruiz pleaded guilty to assault and battery. He was accused of beating Juan Jose Garcia at the plaza in old town on April 2nd last.

The jury was excused until 9:30 this morning, when the fifty-three misdemeanor cases of minors are questioned, and after that the violation of the Sunday law will be heard.

Demurrer in Hubbell Case.
The court listened to a demurrer in the Hubbell case and a motion to quash the indictments against ex-County Treasurer P. A. Hubbell, one of which is for embezzlement and the other for misappropriation of county funds.

Attorney W. B. Childers took up the afternoon arguing the Hubbell side, and District Attorney Clancy will present the territorial side of the case this morning.

Run Down By Trolley Car.
Mrs. Emma Maxwell, 55 years of age, living at the corner of Coal and Second streets, was struck by a trolley car at the corner of South Second and Silver avenue at 1:30 yesterday afternoon. Her injuries were slight, as the car was running at a very slow rate of speed. Mrs. Maxwell was caught by the fender of the car and knocked down in the muddy street. Mrs. Maxwell was in the act of crossing the street, and says that she did not see the car. The motorman of the car says that he thought that the lady was going to catch the car and was horrified to see her step in front of it. Quick as thought he applied the emergency brake and reversed the car, and but for this the lady would have been seriously injured. As it is, she escaped with a few slight bruises.

Mrs. Maxwell and her daughter Lorraine have lived in Albuquerque for the past several years but last summer were at the resorts of California for the season. They returned to the city but a short time ago. Mrs. Maxwell was on the way to the post-office to meet her daughter by appointment, when the accident happened. She was crossing Second from the southeast corner.

Mrs. Maxwell was taken to the Ryan tailor shop and Dr. M. K. Wyder was hastily summoned, but outside of a severe shaking up and a bad scare she is not injured.

EXPECTS TO MAKE HEAVY SALES OF CATTLE IN THE SPRING

H. J. Ramer, of the Phoenix cattle ranch of Watson, returned to his home last night after a couple of days' visit with friends in Albuquerque. Mr. Ramer has just returned from Pleasant Valley, Ariz., where he has been looking after his cattle. While there he marketed twenty-three cars of steers, which were shipped to the Chino valley in California, where they are to be fed on beet pulp, previous to marketing. There were 700 head of the cattle and while Mr. Ramer did not care to state the amount received, the price was entirely satisfactory. Mr. Ramer says that he will market a large portion of his holdings the coming spring.

LUMBER COMPANY CHIEF TO MAKE HIS HOME IN ALBUQUERQUE

W. P. Johnson, president of the American Lumber company, arrived in the city last night from Cleveland, Ohio, and will take up his residence in this city. Mr. Johnson is very well pleased with the showing now being made by the big lumber plant and says that the Albuquerque product is being shipped to all quarters of the globe. He will maintain a residence here, although a great deal of his time will be spent in various parts of the country in the interest of the company. He states that the big tram is partially completed and that when it is all installed the plant will have the most complete tramway service in the United States.

NEW MEXICO ZINC IS RAPIDLY COMING INTO DEMAND

MINING EXPERTS DECLARE
RECORD BOOM IS AT HAND

M. Fishback, of the City of Mexico, a mining expert, and F. Kohlmeier, of El Paso, also interested in mining, spent yesterday in the city and left last night for the south.
"We have been looking over New Mexico for zinc properties," said Mr. Kohlmeier last evening at the Alvarado. "We have just returned from San Pedro where we have made an examination of some properties, and we are now on our way south where we will examine a number of other propositions. Zinc is growing valuable as a mining product, and from what I have seen of New Mexico, it is wonderfully rich in this, as well as copper, lead, silver and gold and the other precious metals."

"We are figuring on starting operations in this territory and the results from the assays taken from each property will determine just where we will start. I think I am safe in saying that New Mexico will experience big activity in the next few months, as mining interests are coming into the territory from all parts of the country."

INDIAN BABY CREMATED BY CHEMEUVIES NEAR PRESCOTT

Thursday evening in the rocks to the north of town a little Indian paopoe died from the effects of pneumonia, presumably, says the Prescott Journal-Miner. Immediately after the child had passed away, there was a rounding up of several bucks, and preparations made to burn the body. This was carried out to the letter, and the greater part of the night was taken in so doing.

The child belonged to a Chimevis family, and the faith of this particular tribe is devotedly centered in this form of belief, and that traditions demand from those who survive the dead to cremate those who fall either in sickness or through conflict, it being of little moment when or where the end comes.

This is said to be the third case of cremation that has taken place among the Indians camped on the outskirts of this city by this particular tribe. The Mojaves and the Apaches care for their dead by burial in the usual manner, but leave the immediate vicinity after an occurrence of that kind. The Chimevis, however, on the other hand, contend that they were created from the earth and that when they leave this sphere the eternal realm must be forwarded, hence the cremation of bodies in the open. They rigidly believe in the practice and sacredly obey it.

QUEST IN SANITY OF THE WIDOW OF ANDREW CASNA

WOMAN TO BE BROUGHT TO
ALBUQUERQUE FOR EXAMINATION

Sheriff Coddington, of McKinley county, will bring Mrs. Andrew Casna to Albuquerque today or tomorrow for examination before Judge Abbott as to the woman's sanity. Mrs. Casna is the widow of Andrew Casna, an Italian coal miner who was brutally murdered near his home, three miles from Gallup several months ago and for which one suspect, a Navajo Indian, has been arrested.

At the time of the murder, Mrs. Casna was also shot down and could give no definite information to the authorities. She was terribly injured by the murderer, a bullet passing through her chest, inflicting a wound from which she will probably never recover. It is believed that the injury may have unbalanced the woman's mind and it is for this that the examination is to be had.

ALL SORTS OF TALENT FOR THE BIG MINSTRELS BY THE ELKS

At a meeting held last night in the Elks' lodge rooms, Arthur Cavanaugh, manager of the forthcoming Elks' minstrels, practically completed the caste for the performance which is designed to mark an epoch in local Elksdom. Talent in surprising quantity and of surprising quality is said to have been present at the meeting last night, and the outlook for the enterprise is in every way satisfactory. There are to be several big surprises for Albuquerque people when this big-gest of home talent entertainments is put on.

HEARST DECLINES TO TALK OF LATE NEW YORK ELECTION

William Randolph Hearst and wife, of New York City, passed through Albuquerque yesterday on the Santa Fe limited, on their way from New York to Los Angeles. Mr. Hearst spent the ten minutes which the train stops in this city in the Harvey curio rooms, in company with his wife. He is a particular friend of Manager Hermann Schwelger of that institution, and as there were none of the local reporters around to bother him, he had a very pleasant visit. He did not touch on the recent election in New York, nor did he say what chance he stood of winning in the contest over the mayoralty with Mayor McCellan. Mr. and Mrs. Hearst will spend some time in California.

DRUGGISTS MUST BE CHARY.

They Sell All Kinds of Hair Preparations, and Fear to Discriminate.
Druggists sell all kinds of hair preparations, and as a rule they are wisely chary of giving preference to any particular one, but many of them have come out plainly for Newbro's Herpicide, the new treatment that absolutely kills the dandruff germ. H. Swannell & Son, "Cham-paign, Ill., say: "One customer of ours who did not have a hair on top of his head when he began to use Herpicide, now has a fair start towards a good head of hair. We believe Herpicide to be by far the best preparation of its kind on the market." Hundreds of similar testimonials from every where. Sold by leading druggists. Send for a sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., Special Agents.

THE STORE OF RELIABILITY

Your Christmas Dinner

Will appear more appetizing, will taste better and look better, if the dining table is beautifully set with **DRAWNWORK**. Many people have an idea that Drawnwork is so expensive they cannot afford it, and in place of using it content themselves with linens that cost much more, but do not give that elegance of appearance so much sought for by all persons of dainty tastes.

...The Globe Store...

is prepared to provide Drawnwork at prices so reasonable that every homekeeper can afford to set a beautiful table. These goods come in three manufactures: American, Japanese and Mexican. A few prices below:

MEXICAN DRAWNWORK

This work is too well known to need introduction to the general public, the one thing necessary to remember in buying Mexican Drawnwork is the price. Most dealers expect to make, and do make, a very large profit on this article, depending upon the ignorance of the buyer to help through the sale. THE GLOBE STORE does business in a different manner—customers are expected to know something about what they are buying, and our Mexican work is marked at the lowest possible prices, as an inspection of our stock and a comparison of prices with those asked by other dealers will convince.

We carry in stock pieces in size from 6x8 inches to 24x36 inches, at prices ranging from 25¢ up. If you are interested in Mexican Drawnwork it will pay to inspect our stock.

TABLE LINENS

In addition to Drawnwork, THE GLOBE STORE carries a line of beautiful Damasks and Napkins, which would grace any table. In these goods, as in Drawnwork, our prices are not based upon the ignorance of the purchasers, but upon the actual quality of the goods. Nothing adds so much to the beauty of an elegantly set table as snowy, fine damask and napkins, and in this line we are offering some exceptional values in pure linen cloths and napkins to match. An inspection of our Table Linens is asked.

AMERICAN DRAWNWORK

These Goods are Made From a Beautiful, Smooth Linen, are Durable, and will Launder Exquisitely

Size 12x12 inches, double hemstitched, one row open work, each 45c
Size 18x18 inches, double hemstitched, one row of open work, each 65c
Size 18x27 inches, hemstitched and one row of open work, each 40c
Size 18x42 inches, double hemstitched, one row of open work, each \$1.35
Size 24x36 inches, double hemstitched, one row of open work, each \$1.75

Other sizes and styles at proportionately low prices. These are real values and persons who appreciate good goods will only have to look at American Drawnwork once to realize that for durability there is nothing to equal it.

JAPANESE DRAWNWORK

Japanese Linenwork is not new, but it is only within the past few months (since the Little Brown Men attracted slight attention by peculiar actions in Manchuria) that this work has come into general use. And it well deserves the popularity it has attained. The best of linens are used, the work is well done and no linens are more durable. If you have never examined them come in and see them—they will cost you nothing to look.

Size 19x19, hemstitched, two rows of open work, open work corners, \$1.50
Size 30x30, hemstitched, two rows of open work, open work corners; a beautiful piece, each \$2.50
Size 34x34, hemstitched, two rows of wide open work, extra open corners; these pieces will have to be seen to be appreciated, each \$3.50
Size 36x36, hemstitched, three rows of open work, beautiful corners, an elegant piece, each \$5.50

These are a few of the styles and sizes we carry in stock, and we will gladly show this work to all callers, believing that the quality, work and price will make purchasers of all who look at it.

APPROPRIATE CHRISTMAS PRESENTS

Remember another thing, when thinking of the purchase of Drawnwork and Table Linens: they make acceptable Christmas presents, and many ladies receive such presents with greater pleasure than anything else that could be sent. The second thing to bear in mind when looking for Christmas goods is that

THE BIG GLOBE SIGN

on Railroad avenue marks the very place for reliable merchandise of all kinds, no matter what time of the year it may be.
